

## Ceiling Speaker Module **CTG SP-01**

**T**he SP-01 Speaker Module consists of an enclosure, 4-inch speaker and a white grille with torsion mounts. The speaker is designed for accurate voice reproduction and flush mounts in a ceiling tile. The wide 120° sound dispersion pattern of the speaker is ideal for teleconferencing applications. The SP-01 comes assembled from CTG. 12-inch leads are attached for an easy connection during installation. Tile bridges and blind mounts are available as an option.

### **Applications/Benefits**

- Provides a clutter-free environment
- Distributes even sound for the conference area
- Full room sound for large conference spaces
